

Ecometrica

Job Posting

Role :	Product Development Analyst
Location :	This role is based in Edinburgh, Scotland
Closing Date :	Ongoing
Salary :	A salary based on experience starting at £36,000
To Apply :	please read below and apply directly via our website, here

Who are Ecometrica?

We are a fast paced, continually evolving company which builds intelligent software that helps with addressing climate change. Through our software we provide market-leading sustainability and environmental monitoring products to assist companies with creating accurate environmental reports. Our mission is to bring clarity by delivering accurate, complete, and relevant information faster and more efficiently than anyone else. We have global reach with offices in London, Edinburgh and Montreal. Our clients are leading organisations from private, public and non-profit sectors. Our leaders are influential – some recent press about them in Societegenerale.

Why work at Ecometrica?

You would be working for a leading sustainability company with global reach and the recipient of numerous awards and accolades.

We value diversity — in backgrounds and in experiences. Climate change is a universal concern, and we need people from all backgrounds and swaths of life to help build the future of sustainability. Our team is empathetic, caring, and supportive. We are deliberate and self-reflective about the kind of team and culture that we are building, seeking people that are not only strong in their own aptitudes but care deeply about supporting each other's growth. We are also very proud of the working environment and ethic we have honed over the years. We provide a flexible approach to working within a very collaborative “one team” environment.

Ecometrica

We don't stick to rigid job descriptions; whilst we all have our main responsibilities, our employees find themselves collaborating across the various areas of the company. We are doers, we all muck in and do what needs to be done. We work hard and are very driven, but also actively support a mutually beneficial work/life balance.

Who are we looking for?

An experienced analyst with mapping data understanding who has a keen interest in the Environmental domain, is a fluent English speaker, and has the legal right to work in the UK. At Ecometrica we value people who are curious, take the initiative and are proactive in solving problems. If you don't have all of the skills / experience mentioned below, but can demonstrate an ability to learn and develop on the job, we still want to hear from you.

We expect applicants to clearly demonstrate practical experience with:

- Using environmental data to create useful information
- Using interpersonal and communication skills to understand problems and different perspectives and needs
- A good level of maturity, emotional intelligence along with excellent time and organisational skills
- Your application will benefit **significantly** from demonstrating previous experience with using some or all of the following tools: **SQL, Python, Shell Scripting**

What will you be doing?

- You will be part of a friendly and collaborative team
- You will design and build environmental monitoring and sustainability products by combining mapping and sustainability data
- You will help with supporting customers using our products
- You will work in a relaxed and flexible working environment
- You will manage your own time and workload

What are we offering?

- A salary based on experience starting at £36,000
- 27 paid vacation days per year plus eight statutory holidays from year one
- Enhanced sick leave and compassionate leave
- Excellent health and dental insurance package
- Flexible working arrangements (e.g. compressed week, flexible hours)
- Retirement savings plan including company's contribution
- Continuous professional development (e.g. Pluralsight, Conference attendance)

Ecometrica

Intrigued?

We encourage you to apply as soon as possible as we would like to fill the position quickly. Please send your CV and cover letter to the attention of Dimitrios Michelakis, Global Head of Product to jobs@ecometrica.com.

Finally, we look forward to hearing from you. Please remember to include all requested information in your application as incomplete applications will unfortunately not be considered.

***IMPORTANT** - Please note you must possess the Right to Work at the location stated along with the appropriate documentation at the time of application.

Thank you for your interest but please do not call the office. We will contact you if your application is selected.

From Ecometrica's inception, Diversity & Inclusion have always been key to our success. We are an Equal Opportunity Employer and our employees are people with different strengths, experiences and backgrounds, who share a passion for improving people's lives. Diversity not only includes race and gender identity, but also age, disability status, veteran status, sexual orientation, religion and many other parts of one's identity. All of our employee's points of view are key to our success, and inclusion is everyone's responsibility.
